

DAVID SOLIS

Third-Year Computer Science Student

@dsolishn@pm.me México kosail

EXPERIENCE

Project Coordinator

Undisclosed company

1 year Honduras

- Coordinated the installation of networking infrastructure in U.S.-based hotels, ensuring adherence to quality standards.
- Assigned technical tasks to engineers, tracked tickets, and maintained communication with clients, managers, and suppliers.

Tier 1 Tech Support Agent

Undisclosed company

2 years Honduras

- Provided technical support to hotel clients in the U.S. regarding network connectivity (Windows, macOS, Linux).
- Monitored, diagnosed, and configured networking equipment remotely.
- Coordinated with U.S.-based Network Operations Centers (NOCs) for escalation and case management.

PROJECTS

KVantage

Available on GitHub

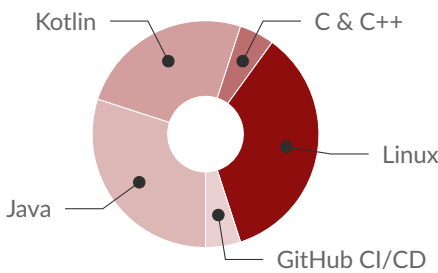

A minimalist desktop app for managing Lenovo laptops on Linux. Allows users to switch performance profiles, set battery thresholds, and enable rapid charge. Built with Kotlin + Compose Multiplatform for Desktop, with a backend service written in Go. Includes multiple themes and supports eight languages.

Dotfolio

Disponible en GitHub

A Windows 11-themed, interactive developer portfolio built using Compose Multiplatform Web Assembly. Designed as a functional desktop environment, it blends storytelling, UI precision, and aesthetic minimalism. Currently in active development.

TECH SKILLS

ABOUT ME

Passionate about software development, currently focused on backend and multiplatform applications using Kotlin, Java, and Compose Multiplatform.

REALLY PROUD OF

 **Data Science Diploma**
Issued by Tecnológico de México (2024)

 **Cisco ECMS 1**
Focused on networking and Cisco Cloud Solutions

STRENGTHS

- Self-motivated
- Team player and hard worker
- Leadership skills

- JavaFX Wordpress Compose Multiplatform
- SQLite Oracle DBMS Docker Git
